Proceedings: (In Chambers) Order re: Additional Objection to Class Settlement

The Honorable PHILIP S. GUTIERREZ, District Judge.

*1 Wendy K. Hernandez Deputy Clerk

On April 29, 2014, the Court granted final approval for a class settlement in this case. Dkt. # 152. In the course of doing so, the Court considered and overruled several objections to the proposed settlement. *See April 29, 2014 Order* at 16–17.

The parties have notified the Court that they received an additional objection to the settlement from Wendy Brown on May 27, 2014. Dkt. # 155. Although Brown had submitted her objection to the Claims Administrator, her objection was misplaced due to an error. *Id.* As a result, she was not identified as an objector. *Id.* The Claims Administrator has indicated that it does not possess any further objections. *Id.*

Brown objects to the vehicle age and mileage limitations incorporated into the settlement. *Id.*, Ex. A. The Court considered and overruled similar objections in its April 29, 2014 decision. *See April 29, 2014 Order* at 16–17. Brown's objections are overruled, for the reasons given in that opinion.

IT IS SO ORDERED.
