

Mazie Slater Katz & Freeman, LLC has partnered with RWJBarnabas Health to support the needs of front line medical professionals as they fight against the COVID-19 Virus.

This campaign is to support local hospitals' fundraising efforts to purchase the necessary supplies to combat this virus, such as n95 masks and other personal protective equipment. A portion of the funds raised may also be used to support community needs as well.

Donations can be made by visiting:

<https://rwjbh.donordrive.com/index.cfm?fuseaction=donorDrive.event&eventID=573>

Mazie Slater has been in contact with front line representatives to identify and respond to their current needs. Funds raised go directly to RWJBarnabas Health and will be used to further these purposes.

“We are extremely appreciative for this very generous donation and the creation of this fundraising page to encourage others to follow this wonderful example,” said Barry H. Ostrowsky, President and Chief Executive Officer for RWJBarnabas Health. “The safety of our patients and staff are our utmost priorities and these funds will help us to purchase critically needed personal protective equipment.”

Mazie Slater welcomes your donations and moral support with this campaign. No donation is too small.

On behalf of RWJBarnabas Health, Mazie Slater Katz & Freeman, LLC thanks you for joining us in this campaign.
